II In the meanwhile I note:-

(a) That admittedly no draft rules have been submitted for the grant of licenses for the retail sale of country spirits (arrack). It is hoped that there may be draft rules for the purpose in the Press: But if not, they must be drawn up.

hastily consider the draft rules, without
these forms, to which reference is made
throughout the draft rules, being attached.
They may be in the Press, if so they
should be printed and sent out early.
If not, the forms should be got before
the draft rules are submitted to the Resd.

These were in the Press & are now attached to the rules

(c) Rules 42 + 45 of the rules
for the issue of Ganja are most
important. Before the draft rules
are printed off, the Surgeon Gen.
must be specially consulted about the
terms of these two rules, which I
think it is most improbable that
they will consent. There is a separate
file about the question of when it is known
whether Ganja does, before the

to have his say. The Durban had letters
92 to 95
sent a copy of the draft rules as soon
as possible, with reference to previous

the Corp'n Contractors Consent. The
draft letter to the Durban Co. has
therefore to be submitted to the Resd't.

(d) The Hon'ble original draft

present, in order that Resd't may see
what alterations have been made. The
rules between are terribly hasty & in some
cases perhaps might bear a good
deal of reduction which can more
easily be carried out when they
are in force. I can hardly believe that
so many forms are necessary; but
when the forms are before us, it will

(2) I am not quite sure whether the big list of foreign liquor licences Rule II A of foreign liquor rules are quite in accordance with the licences to be granted actually issued. Mr is a Mohammedan and does not consume liquor and I think if he made a stand I think he would get considerably reduce it.

After talking action on the above note, Office shd have up to date with the transfer papers and an early date for any successors consideration

of ganja to ganja shops be referred to the Durbar for any remarks they may desire to offer? The previous correspondence on the subject referred to in Mr.Dobbs' note is in file 266 of 1900 (S-No.14, 20 & 21). The matter is noticed further in para 19: infra.

(d)- Mr. Hinde's original draft rules form enclosures to S.No.24 of File 275 of 1894. Some of the forms appended to the rules for the management of the Excise Depot are now proposed to be omitted, and some alterations are also suggested in these rules.

(e) - All the licenses referred to in Rule II (A) of Foreign liquor rules, appear to be actually used now- vide S. No.13 and the forms of licenses sent with S.No. 20 of File 125 of 1900. Most of these licenses are also issued in the Madras Presidency- Vide Rule 2 of the Foreign liquor rules at pages 78 and 79 of the Madras ~~Abkari~~ Excise Manual. It is doubtful whether the license in Form F (shop license for the sale of beer or draught, not to be drunk on the premises) is really necessary; but Colonel Robertson appears to have decided that it is- Vide remarks on page 39 of the notes on serial Nos.1 to 9 of File 125 of 1901 ~~or in this Note.~~ The other licenses seem to be necessary. The proof copies of the draft rules under the Excise Act, as revised by Mr.Dobbs, are now submitted for orders.

drugs and preparation therefrom.

IV. Rules for the grant of licenses for the sale of country beer and porter in beer taverns.

V. Rules for the grant of licenses for the retail sale of toddy.

VI. Rules for the working and management of the Excise Depot establishment in the Civil and Military Station for the supply of arrack to arrack shops and ganja ~~the~~ to ganja shops.

These rules have been examined in the office and such alterations as seem to be necessary are noted on the proofs in pencil. The main alterations proposed are ~~noted~~ noticed below.

~~8.~~ I. Foreign liquor rules.

Rule I. The definition of "foreign liquor" has been slightly amended so that it might correspond with the definition in force in the Madras Presidency- vide Rule 2, page 78 of the Madras Abkari Manual. The Government of India has approved the adoption of the Madras definition of that term, and that definition has therefore been practically followed in Resident's Notification No.1066 dated 28th February 1901 (s.7 A of File 30 of 1901) regarding the sale of foreign liquor for the current year vide condition No.2 attached to that notification. The amendment now made in the draft rules follows the wording of that condition ~~No.2 attached to~~

x para 2 of Foreign Department letter No.1091 I.A. dated 28th April 1899 (s.69 of File 386/'95) & s.26 & 29 of File 125 of 1900

~~to the Resident's notification of the 28th February~~ ~~1901~~ and indeed also the wording of the definition as given in the form of licenso attached to the rules.

Rule IV – The words "An upset price shall be fixed by the Collector for each Refreshment room or tavern for which the sale may be added for the reasons given in para 6 infra.

4. Forms of licensos. The words "the rules made thereunder" may be added to the licenso as showing the authority under, and the limitations to, which the licensos are granted.

5. The definition of 'foreign liquor' is repeated Forms A, B, D & G. This is perhaps unnecessary, seeing that the definition as given in the rules will ipso facto apply to those licensos which are expressly stated to be issued only under the provisions of those rules.

II. Rules for the grant of licensos for the retail sale of country spirits (arrack).

6. Rule I. The words "an upset price shall be fixed by the Collector for each shop before the sale" may be added to render the rules complete. Clause 1, Rule IV, refers to the upset price, but when that is fixed and by whom are not now stated in the rules.

7. Licenso (Form J), condition 3-

The rates at which arrack is to be puchased from the ~~Mysore~~ Government Excise Depot in the C.P. & Berar states need not be entered in the form of licenso. From Rule 15 of the rules for the management of the Excise Depot it will be seen that the price is fixed from time to time, and we cannot be amending the rules whenever the prices are altered. For the words "at the rate of x x per gallon of 30 U.P" may therefore be substituted the words "at rates which may be fixed from time to time".

III.

(Continuation of Note or Precis),

III. Rules for the grant of licence for the retail sale of intoxicating drugs & preparations therefrom.

8. The words "ganja, charas & bhang" have not been defined in the rules. It seems desirable to have a rule defining these terms, like the one(Rule11) we have in Coorg Rules.

9. Rule IX. The words "An upset price shall be -- fixed by the Collector for each shop before the sale" may be added to this rule for the reasons given in paragraph 6 supra.

10. Licence. The words "and for charas and bhang at such rates as may be fixed from time to time" may be inserted between the words 'tolas' and 'unless' in condition 3. This addition is based on condition 3 of schedule attached to the Resident's Notification No.1865 dated 28th February 1901 and seems to be necessary.

.6 of File f 1901.

11. In this connection attention is invited to serial Nos.16,17 and 18 of File No.266 of 1900 and the notes connected therewith. With serial No.18 the Collector of Civil and Military Station has submitted draft Notifications for issue under sections 12 (2) (a), (b) & (c), 19 (b) and 13 (b) of the Excise Act. For facility of reference these notifications have been typed and placed in the file at Flag H. They call for the following remarks:-

(a)

(a) Notification (1).- The second sentence of this Notification may be omitted, seeing that the cultivation of hemp plant in the Civil and Military Station is to be prohibited and that preparations of ~~intoxicating drugs~~ hemp plant are to be supplied only from the Government Warehouse. ~~only vide paragraph of the note supra~~.

(b) Notification 2.- The words "be reported in writing to the Collector or other Excise Officer not below the rank of Assistant Superintendent assoon as it is noticed by the owners of the lands on which the same occur, and that the same" may be omitted. It is doubtful whether any obligation can, under section 12 of the Excise Act, be imposed on owners of lands to report spontaneous growth of hemp plant.

(c) Notification 3- The procedure for the supply of intoxicating drugs to the Civil and Military Station is laid down in the draft rules for the management of the Excise Depot. x x Part II, Ganja, of the draft rules marked VI.

Under rule 38 of those rules supplies of intoxicating drugs are to be obtained from the Durbar's warehouse on an indent from the Superintendent of Excise. Rule 48 allows the officer in charge of the Excise Depot in the Civil and Military Station to grant permits for the transport of the drugs from the Depot to licensed shops. The notification now under consideration however requires a permit for import or transport

from

(Continuation of Note or Precis).

from the Collector or other officer authorized in this behalf. With a view to secure uniformity the Notification may be revised as noted in pencil.

(d) Notification 5.- Section 13 (b) under which this notification is proposed to be issued, is evidently a mistake for section 19 (a) & (b) - vide paragraph 3 of the Excise Superintendent's letter of the 15th January 1901.

S. 19 A of Jul 266 1901

These notifications may be revised in the light of the foregoing remarks, and submitted to the Government of India for sanction. They may then be printed with the rules for the grant of licenses for the retail sale of intoxicating drugs.

(Continuation of Note or Precis).

IV. Rules for the grant of licenses for the sale of country beer and porter in beer taverns.

12. Rule I. The words 'An upset prices shall be fixed by the Collector for each shop before the sale' may be added to this rule for the reasons given in paragraph 6 supra.

13. Rule IV-1. The following words may be added to this rule:-

"It will be within the discretion of the officer conducting the sale to decline to accept any bid or deposit if, for any sufficient reason, he considers such acceptance to be undesirable".

These words occur also in the rules relating to sales of foreign liquor, country spirits, toddy and intoxicating drugs.

14. Rule IV, 5. The words 'under clause 3' may be inserted after 'deposit' in the first line, and the words "or to comply, if required to do so, with the requisition under clause 4, the deposits made under clauses 1 and 2 shall be forfeited and" after the words "as aforesaid" in the second line. These additions seem necessary, and are based on the corresponding clauses in the rules relating to sales of foreign liquor, country spirits, toddy and intoxicating drugs.

V. Rules for the grant of licenses for the sale of toddy.

15. Rule I. Here again the words "An upset price shall

be

be fixed by the Collector for each shop before the sale" may be added.

VI. Rules for the manufacture of the Excise Depot.

~~Part II~~

16. ~~(2)~~ Rules 46, 47, 49, 50, 51, 52, 53.-

These rules may be omitted, if Rules 18, 19, 21, 22, 24, 25, 26 & 27 are added to the rules quoted in Rule 37 and the latter rule is amended as follows:-

Rule 2, 3, 4, 5, 6, 18, 19, 21, 22, 24, 25, 26, 27, 28, 29, 30 & 31 of Part I shall apply, as far as may be, to transactions in ~~ganja~~ intoxicating drugs, which shall be stored in and issued from the same building as is used for the storage and issue of arrack.

17. ~~(1)~~ Preamble to the notification and Part II Ganja.—

The word ganja in the preamble occurs ~~throughout~~ and in the rules in Part II, and no mention is made of bhang, charas and other intoxicating drugs prepared from hemp plant.

In paragraph 14 of his report of the 28th September 1898, Mr. Hawkins stated that charas and bhang were unknown in Bangalore and that no rules were therefore needed in regard to their use. Mr. Hinde accordingly referred only to ganja in his draft rules (1) for the management of the Excise Department established for the supply of ganja to ganja shops & (2) for the retail sale of ganja. Mr. Dobbs altered the word "ganja" wherever it occurred in the latter rules into "intoxicating drugs" and specified, wherever necessary, the particular intoxicating

(Continuation of Note or Precis).

intoxicating drug (as ganja, bhang, charas &c.) to which the rules applied. He made however similar alteration in the rules relating to the management of the Excise Depot. This is evidently due to oversight. It is manifestly desirable to apply these rules to all preparations from hemp plant. It may be that bhang and charas are not <u>now</u> used in the Civil and Military Station, but it is not improbable that they will be hereafter. So it seems desirable to provide for this contingency by now altering the word 'ganja wherever it occurs, into 'intoxicating drugs'. The expression 'intoxicating drugs' has been defined in the Excise Act, as meaning 'ganja, bhang, charas, and every preparation and admixture of the same' and so the alteration will cover transactions in all the intoxicating drugs.

sec 3(j) of Act XII of 1896

18. Rule 43- fixes the rate of payment for ganja. If the word'ganja' is altered into 'intoxicating drgs' as proposed in paragraph 17 of this note, we may add a clause to the effect that charas and bhang shall be issued only on payment of such rates as may be fixed from time to time.— see also para 10 supra

19. <u>Rules 42 and 45</u>. As has already been noted, Mr. Dobbs wished that the Durbar should be consulted in regard to these rules. No arrangement appears to have been made with the Durbar for the supply of charas and bhang required for consumption in the Civil and

* para 1-II (c) of Table.

and Military Station and the rules if revised in accordance with the suggestion in paragraph 17 will therefore have the effect of throwing on the Durbar the obligation of supplying all these drugs to the Civil and Military Station. It is moreover desirable to consult the Durbar as to the procedure laid down in Parts I and II of the rules relating to the working of the Excise Depot so far as the supply from their Distillery and Wolesale Depot is concerned. In these circumstances it is a matter for consideration whether the whole of this draft Notification may not be sent to the Durbar for any remarks they may desire to offer.

20. License Form 5 G may be omitted with reference to the alteration proposed to Rule 37.

21. There are yet two more subjects which have to be considered in connection with the Excise rules; one is regarding the forms in which accounts should be kept by license holders, and the other relates to rules as x to breweries licensed under section 5 of the Excise Act. x Vide Section 9 of the Excise Act. The Collector has submitted draft forms of accounts and draft rules for the supervision of breweries; these drafts however do not seem to be complete and call for revision. They will be submitted separately. They are not required for the disposal of the present file which is unwieldy and complicated enough as it is.

Dear Mr Russell

I have not quite completed revision of the Excise bills but will have same ready by tomorrow at 10 a.m. when I shall bring them to you.

Prior to the 1st October I went through these rules in detail. It appeared to me that they might be much condensed by incorporating the common matter which appears in many of the forms and notifications into rules applicable generally to all. I prepared a rough draft on these lines, and on the 1st Oct discussed it with Mr Hinde. I then handed the draft to him and asked him to be good enough to go through it and suggest any modifications which might appear necessary. He has now handed me the revised draft below. Please obtain early proof.

Dear Mr Hinde,

On looking further into those rules regarding the excise depot I can see no reason why there should be fewer precautions in respect of the accounts for ganja than for arrack. Why should not registers be maintained for ganja corresponding to No 3A, 8A & 10A for arrack? If you agree will you let me have drafts of the forms you would propose? In form 3A the box would of course take the place of the cask? The only account register for ganja which I can see is that to be kept in form 3G. This register seems to me to try to cut corners so to speak, and to be open to the same objections as we found in register 3A before you revised it the other day and to other objections also.

yours sincerely

I have had several fresh proofs of these rules in parts. Now please let me have revised proof of the whole.

H.D.
W.S.

Resident,

These are the draft rules under the Excise Act for the Civil & Military Station. The previous history of the case will be seen from the preceding notes. I have discussed the rules at considerable length with Mr Hinde, and have to a grwat extent recast them. I regret that there has been considerable delay. Some of it has been in the press, some with myself. It has been a troublesome matter.

2. In the rules for the grant of licenses for the sale of fermented liquor ~~and~~ spirits and intoxicating drugs the principal alterations made in the draft originally submitted by the Collector are as f llows:

The draft as submitted contained a large number of separate drafts of notifications regulating the sale by auction of the various licenses which it is customary to dispose of in this manner. Each of these notifications contained a large number of conditions and restrictions the general sense of which was for the most part similar in each case. In many cases, however, the language was different, and in some cases

material variations in the sense were found without any special apparent reason for the differences. These notifications have all been removed from the rules and the conditions contained in them which appeared suitable and essential have been embodied in rule 3 of the draft now submitted.

The various forms of license ran to great length owing to the repetition of a large number of conditions in each in slightly differing language and in some cases with material variations for which no special reason was apparent. I have endeavoured to extract all the common matter so far as it appeared suitable for adoption in all or in certain classes of licenses, and have embodied these in draft rules 4,5 & 6. The conditions peculiar to each license have been cut down so far as possible, and may be seen at a glance by reference to the form. It was a matter of some difficulty with the draft as submitted to see what conditions exactly governed each kind of license, and the change appears to be an improvement.

3. The d raft ~~xxxxxxxxx~~ rules for the management

of the {Excise Dept?} ~~drillers~~ have been similarly recast after consultation with Mr Hinde, and after a visit to the depot. In several cases the forms of register have been altered, and an endeavour has been made to make the procedure to be observed as clear as possible. The rules have been reduced in length, and have been rearranged.

4. In both sets of rules various minor changes have been made in the sense of the rules, and very numerous changes in the wording.

5. If Resident approves generally of the draft of the rules now submitted, I suggest that it should be sent to the Collector for any x remarks or suggestions which he ~~xxxx~~ may have to make, and for an expression of his opinion as to their general suitability. A spare copy of the draft may be sent, and he may be requested to note on it any ~~suggested~~ alterations which may appear to him to be ~~suitable~~ desirable Where material alterations are proposed, the reason should be explained in his reply.

HR.
20.11.

Please act as proposed without delay. Office std draft to day

for PA's appt to the Collector, whom I have spoken to on the subject. Very early reply shd be requested.

2. I am much obliged to Mr Russell for the pains he has taken with this troublesome case. I hope we may now dispose of it within a fortnight.

3. I shd like to know how much of the drafts represents really new matter of importance. Their principal [illegible] rules & forms in force for years past. Do the drafts introduce any substantial changes in system, as distinguished from revision or improvement?

4. The co-operation of the Mysore Durbar will be necessary as regards the draft rules for the working of an Excise Depôt – Es rules 21, 22, 30, 31 & 35. Copy of that set of rules & connected forms shd be sent to the Durbar Govt with inquiry as to whether there is any objection to them – Early reply being requested.

5. I suppose it is intended that the new rules & forms shall come into force & use at once.

6. With reference to sec: 62 of Act XII of 1896 need the G O C be consulted at all?

7. No reference is necessary to Foreign Dept? See SN 26 of file 275 of 1894.

Resident,

Please see the letters below from the Darba and from the Collector. I have noted in the margin of the draft rules against the various suggestions made by the Collector.

2. The most important point is that relating to excess fees. I think on the whole that the best plan is to abolish these entirely. They only appear to complicate matters, and their abolition should lead to a proportionate increase in the prices paid at auction for the right to take out retail licenses.

3. I have discussed the rules and the suggested amendments with Mr Harris this morning.

Bangalore, 10-1-1902.

My dear Mr. Russell,

I have carefully gone through the proof of the Excise Rules and find there are a few alterations necessary, they are as follows:-

1. Form I. "Foreign liquor" includes "beer" so that the words "or beer" may be omitted and the words "to be" substituted, this I have done in pencil in Form I.

2. Form I. para 3. The words "or porter" should be added after the words "country brewed beer".

3. From 2. As the cost price at which the arrack may be sold is subject to alteration I am of opinion that the wording of condition 2 should be altered so as to allow of any rate being charged for same, and have therefore altered the wording to "at such rates as may from time to time be fixed" I have done this as during next lease we shall probably have to pay a much higher price for arrack than we are doing at present, consequently I have struck off the words from "at the rate of to 30 up" vide my pencil remarks.

4.* Form 2. 2 The duty on excess sales over 55 gallons a month on sales in each shop has been omitted. I have now entered this clause in the form.

5. Form 3. The words "and porter" may be added to this license after the word "beer". The license fee of Rs.2/-* per

* If however it is intended to abolish this duty on excess sales from the next official year the alterations made by me may be omitted. Init. A.B.H.

* If however it is intended to abolish this fee the alteration made by me may be omitted. Init. A.B.H.

6. Form 4. The words "in the Kunigal taluk" should be omitted as trees are tapped in various taluks of Mysore.

7. Form 5. As the cost price of ganja may change from time to time, I am of opinion that the words in para 2 from "at the rate for ganja to bhang" should be omitted and the following words be added after the words from time to time in para 2 "exclusive of the Government duty of Rs.3/ per seer of 80 tolas".

8. Form 8. Para I. The words "or beer" may be omitted as the term "foreign liquor" includes "beer".

9. Rules for the management of Excise Depot.

Part III Ganja. Para 34. The word "out-turned" should be used in place of the word "received" as our arrangement with the Durbar is to remit the cost price, as soon as each consignment of ganja is out-turned.

10. I have made some necessary alterations in the forms of account in pencil viz.

Form 1 A. on the reverse of this form will be found an alteration which is obviously necessary.

X Forms 4 A, 5 A, 6 A, 8 A, 10 A. I have simply added on "duty on excess sales of arrack".

Form 1 C. I would simply draw attention to the necessary endorsement which I have made in pencil on the back of this form.

THE HON'BLE THE RESIDENT IN MYSORE.

Notification.

Dated, Bangalore, the .1901.

In exercise of the powers conferred by section 65 of the Excise Act, XII of 1896, as applied to the Civil and Military Station of Bangalore, the Resident in Mysore is pleased to make the following rules in supersession of all previous rules for the grant of licenses for the sale of spirits, fermented liquors and intoxicating drugs:—

1. In these rules the term "foreign liquor" means and includes all wines, spirits and beer imported from foreign territories, by sea or land, all coloured and flavoured spirits manufactured in the country and cocoanut toddy arrack manufactured in Malabar and excised at the tariff rates of import duty, and country brewed beer or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but does not include methylated spirits, ordinary arrack and plain rectified spirits manufactured in the country and excised at tariff rates.

2. The Collector may issue licenses in the appropriate forms appended to these rules for any of the following purposes. The fees noted in each case shall be payable in respect of licenses so granted.

(1) For the sale of foreign liquor to be consumed on the premises: Rs. 100.

(2) For the sale of country spirits to be consumed on the premises: Rs. 180.

(3) For the sale of country beer to be consumed on the premises: Rs. 180.

(4) For the sale of toddy: Rs. 25.

(5) For the sale of intoxicating drugs: Rs. 10.

(6) For the wholesale sale of foreign liquor: Rs. 50.

(7) For the issue of samples by persons in possession of licenses for the wholesale sale of foreign liquor: Rs. 25.

(8) For the retail sale in quantities not less than one pint of bottled foreign liquor not to be consumed on the premises: Rs. 50.

(9) For the retail or wholesale sale of beer on draught not to be consumed on the premises: Rs. 50.

(10) For the retail sale of foreign liquor in quantities less than one quart not to be consumed on the premises: Rs. 25.

(11) For the sale of foreign liquors by keepers of hotels and boarding houses to residents in such institutions: Rs. 50.

(12) For the sale of pure rectified spirits by chemists and druggists: Rs. 10.

(13) For the sale of spirits or fermented liquor at race-meetings, bazaars or other public entertainments for periods not exceeding 10 days: Rs. 5 per diem.

3. The Collector may sell by auction the right to hold any of the licenses mentioned in rule 2 for any period.

The terms and conditions of the sale and of the grant and issue of licenses shall be as follows:—

i. Each bidder at the auction shall deposit the sum of Rs. 50 before bidding. The shops shall, subject to the provisions of the next succeeding clause, be knocked down to the highest bidder above the upset price, subject to formal

confirmation by the Collector. Such formal confirmation shall, unless revised by the Resident for special reasons, be tantamount to an acceptance of the bid and shall be necessary whether the sale be held by the Collector himself or by any other officer deputed by him. Parties intending to bid must attend either in person or by duly accredited agents.

ii. It shall be within the discretion of the officer conducting the sale to decline to accept any bid or deposit if, for any sufficient reason, he considers such acceptance to be undesirable.

iii. As soon as the auction is completed, the deposits made by the unsuccessful bidders shall be returned to them on application. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to half a month's rent for that shop in addition to the deposit required under clause i. Should he fail to do this, the deposit made by him under clause i shall be forfeited, the shop shall at once be put up again for sale on the above conditions, and he shall be debarred from bidding again for the same or any other shop.

iv. Persons to whom shops have been knocked down, and who have made deposits as provided in clause iii shall also, within seven days from the date of auction, deposit such further sum as with the former deposits will make up an amount equal to two months' rent of each shop knocked down to them and shall take out licenses on the conditions hereinafter set forth.

v. If on enquiry subsequent to sale, but before final confirmation thereof, the purchaser shall be found to be of doubtful solvency, he may be required to deposit twice the amount prescribed under clause iv or to provide two sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. All expenses attendant upon this proceeding shall be borne by the purchaser.

vi. On the failure of any person to make deposit under clause iv, or to take out licenses as aforesaid, or to comply, if required to do so, with a requisition under clause v, the deposits made under clauses i and iii shall be forfeited and the shop or shops re-sold or otherwise disposed of at the discretion of the Collector.

vii. Re-sale effected under clause vi shall be at the risk of the defaulting bidder, who shall forfeit any gain that may ensue owing to a rise in price and, in the event of loss by resale, shall make good the deficiency that may be occasioned through his default. In the latter case the forfeited deposits shall be deducted from the loss arising from the re-sale and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits shall be credited to Government. The defaulting bidder shall be similarly liable if the privilege be disposed of otherwise than by re-sale and such disposal results in loss to Government.

viii. A purchaser at an auction sale or re-sale shall not be permitted to sell transfer or sub-let the right he has acquired or any interest therein without the consent of the Collector, which for any adequate reason may be withheld. Nor shall he appoint any person to act as his agent in the management of the shop without the Collector's previous approval.

ix. In case of any breach of the conditions of the license, either by the purchaser or by any person in his employment, it shall be competent for the Collector to declare the money deposited with him forfeited and to cancel and re-sell the license at the purchaser's risk, and all loss caused thereby shall be made good by him. When a license is cancelled, the rent for the whole period shall become due at once and it shall be recovered as if it were an arrear of land revenue.

x. The forfeiture of deposit, or the cancellation of the license under the last preceding clause shall not be held to prevent the prosecution of the purchaser or any of his servants for any offence which may be committed against the Excise Laws or Rules in force.

xi. If it comes to the knowledge of the Collector that the purchaser fails to open his shop or to carry on his business with due care and attention or that he has been convicted of an offence under the Indian Penal Code, or under the Excise Laws or Rules, it shall be lawful to the Collector to cancel his license and to re-sell or otherwise dispose of the privilege at the purchaser's risk.

xii. The purchaser shall pay the amount for which the privilege above described has been purchased, into the Resident's Treasury in equal monthly instalments on or before the 20th of each month commencing from the 1st of the month in which the license comes into force. If the deposit made by him under clause iv be in cash, it will be taken in payment of the instalments due on the last two months of the period of the lease. Failing payment by the 20th of the month, the Collector may at once proceed to recover the arrears together with the interest at 6 *per cent*, under the rules in force for the collection of land revenue. If the instalment has not been paid by the 5th of the following month, the Collector may suspend or cancel the license and issue notice of re-sale, and may re-sell the license on the day fixed with effect from the date of its issue to the new purchaser. In that case the deposit shall be forfeited, and if it should fall short of the arrears due and the loss, if any, caused by the suspension or re-sale, the purchaser shall be responsible for the difference which may be recovered under the rules in force for the collection of land revenue. If the Collector does not re-sell the shop he may make such other arrangements as may appear advisable for the remainder of the lease, in which case he will serve a notice upon the defaulting purchaser of the nature of the arrangement made. No remission or abatement of the rent shall, on any account whatever, be claimable by the purchaser.

xiii. The purchaser shall pay the license fee prescribed by rule 2 above to the credit of the Assigned Tract into the Resident's Treasury or to any officer duly authorised by the Resident to receive such payments, in two half-yearly instalments payable on or before the 1st day of June and the 1st day of December.

xiv. The purchaser of the shop shall be liable to the penalties prescribed for breaches of the conditions set forth in the prescribed form of license, though a formal license may not have been issued to him.

4. All licenses granted under these rules shall be subject to the following conditions :—

i. The licensee shall not have any pecuniary dealings of any kind whatever with any excise or revenue official.

ii. Sale of $\frac{\text{liquor}}{\text{intoxicating drugs}}$ shall be made only in the building specified in the license granted and not elsewhere on any pretext whatever.

Such account shall be produced for the inspection of the Collector, or any Excise officer not below the rank of Sub-Inspector or any Police officer not below the rank of Inspector. An inspection note-book with the pages numbered consecutively shall also be maintained intact at each shop at the cost of the licensee so that officers who may inspect the shop may enter their remarks therein. The licensee shall furnish such other returns and information as may from time to time be required by the Collector or the Superintendent of Excise.

vi. All liquor / intoxicating drugs kept for sale shall be of good quality and wholesome.

vii. The license may at any time be withdrawn by the Collector on giving one month's notice. The Collector may also direct that the shop shall be temporarily closed on the grounds of police administration or expediency. No remission or compensation shall be claimed if it is found necessary to enforce this latter clause.

viii. The licensee shall place his license in a conspicuous place on the premises licensed.

ix. The licensee shall fix in a conspicuous part of the front of his shop a sign-board on which his name as well as that of the vendor, the liquor / intoxicating drugs he is licensed to sell, and the number of his license shall be legibly inscribed in *English* and the vernacular language of the locality in which the shop is situated.

In exercise of the powers conferred by section 65 (f) and (g) of the Excise Act, XII of 1896, as applied to the Civil and Military Station of Bangalore, the Resident in Mysore is pleased to make the following rules for the working and management of the Government Excise Depôt established in the said Station for the supply of country spirits classed as arrack to arrack shops and of ganja to ganja shops;—

Part I.

(General rules applicable to the management of the Excise Depôt.)

1. The Excise Depot shall be under the supervision of the Superintendent of Excise, who shall carry out the provisions of these rules either in person or through his subordinates. Provided that nothing herein contained shall be held to prevent the Collector or other officer vested with the powers of the Collector from inspecting the depot, or to prevent the Collector from issuing such orders relating thereto as he may from time to time deem fit subject to the approval and confirmation of the Resident.

2. The Resident may appoint such officer or officers of the Excise Department as he may see fit to the immediate charge of the Excise Depot.

3. The strength of the guard maintained at the depot shall ordinarily be two peons. A duty roster shall be prepared by the Officer in charge of the Depot clearly prescribing the date and hour on which each peon shall be on duty.

4. The depot shall be opened at 7 A. M., and shall be closed at noon except on Sundays and authorized holidays, when it shall be closed except under the special orders of the Superintendent of Excise.

5. All spirits and ganja shall be kept in the store-room provided for the purpose, and the key of the room shall be kept by the officer in charge.

6. Any licensed arrack or ganja vendor who wishes to remove spirits or ganja from the Depot to his shop shall tender the duty and cost price of the same to the shroff at the Depot together with a challan in Form 4A. or 4G. The shroff shall receive the amount and grant a receipt in Form 5A. or 5G. The vendor shall then submit an application in Form 6A. or 6G. to the Officer in charge of the Depot accompanied by the shroff's receipt and a permit book in Form 7A. or 7G. Applications for the issue of several permits may be included in one form so long as the issues are to be made to a licensed vendor who possesses two or more shops. The officer in charge of the depot shall verify the calculations of the amount of duty, etc., contained therein, comparing the figures with the receipt granted by the shroff. Having ascertained that all documents are in regular order, he shall grant a permit in the prescribed Form 7A. or 7G.

7. All forms which licensees of arrack or ganja shops are required to use shall be supplied to them by the Officer in charge of the Depot on payment of the price, which shall be fixed by the Collector at as near the cost price as possible.

8. The officer in charge shall keep a diary in form 13 in which he shall record at the time and in ink the exact hours of his daily arrival at and departure from the Depot, of his opening and closing of the same, of the receipt and removal of spirits and ganja. He shall also keep a full record of the use made of lock tickets. The shroff shall also enter in this diary the date and hour of his arrival at the Depot. Superior officers inspecting the depot should initial the diary after entry of such remarks as they find necessary and should append to their initial the date and hour of their visits.

9. The Officer in charge of the Depot shall maintain an account in Form $\frac{8A}{8G}$, which must be written up at the close of each day's transactions, and must be compared by him with the shroff's collections on account of spirits and ganja for the day as entered in the latter's cash-books, with the totals of which it should tally. If he finds that the totals of the figures in Form $\frac{8A}{8G}$ tally with the shroff's cash account, he shall initial the latter account, in token of its being correct. I do not think that vendors could be expected to distinguish Soldiers' native servants from other natives: it would be difficult to prove that they knowingly supplied a soldiers native servant: this supply is therefore not prohibited, as we could not enforce the prohibition

THE HON'BLE THE RESIDENT IN MYSORE.

Notification.

Dated, Bangalore, the 28 January 1902.

In exercise of the powers conferred by section 65 of the Excise Act, XII of 1896, as applied to the Civil and Military Station of Bangalore, the Resident in Mysore is pleased to make the following rules in supersession of all previous rules for the grant of licenses for the sale of spirits, fermented liquors and intoxicating drugs:—

1. In these rules the term "foreign liquor" means and includes all wines, spirits and beer imported from foreign territories by sea or land, all coloured and flavoured spirits manufactured in the country and cocoanut toddy arrack manufactured in Malabar and excised at the tariff rates of import duty, and country brewed beer, or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but does not include methylated spirits, ordinary arrack, and plain rectified spirits manufactured in the country and excised at tariff rates.

2. The Collector may issue licenses in the appropriate forms appended to these rules for any of the following purposes. The fees noted in each case shall be payable in respect of licenses so granted.

(1) For the sale of foreign liquor to be consumed on the premises: Rs. 100.

(2) For the sale of country spirits to be consumed on the premises: Rs. 180.

(3) For the sale of country beer to be consumed on the premises: Rs. 180.

(4) For the sale of toddy: Rs. 25.

(5) For the sale of intoxicating drugs: Rs. 10.

(6) For the wholesale sale of foreign liquor: Rs. 50.

(7) For the issue of samples by persons in possession of licenses for the wholesale sale of foreign liquor: Rs. 25.

(8) For the retail sale in quantities not less than one pint of bottled foreign liquor not to be consumed on the premises: Rs. 50.

(9) For the retail or wholesale sale of beer on draught not to be consumed on the premises: Rs. 50.

(10) For the retail sale of foreign liquor in quantities less than one quart not to be consumed on the premises: Rs. 25.

(11) For the sale of foreign liquors by keepers of hotels and boarding houses to residents in such institutions: Rs. 50.

(12) For the sale of pure rectified spirits by chemists and druggists: Rs. 10.

(13) For the sale of spirits or fermented liquor at race-meetings: bazaars or other public entertainments for periods not exceeding 10 days: Rs. 5 per diem.

3. The Collector may sell by auction the right to hold any of the licenses mentioned in rule 2 for any period.

The terms and conditions of the sale and of the grant and issue of licenses shall be as follows:—

i. Each bidder at the auction shall deposit the sum of Rs. 50 before bidding. The shops shall, subject to the provisions of the next succeeding clause, be knocked down to the highest bidder above the upset price, subject to formal

confirmation by the Collector. Such formal confirmation shall, ~~unless revised by the Resident for special reasons~~, be tantamount to an acceptance of the bid and shall be necessary whether the sale be held by the Collector himself or by any other officer deputed by him. Parties intending to bid must attend either in person or by duly accredited agents.

ii. It shall be within the discretion of the officer conducting the sale to decline to accept any bid or deposit if, for any sufficient reason, he considers such acceptance to be undesirable.

iii. As soon as the auction is completed, the deposits made by ~~the~~ unsuccessful bidders shall be returned to ~~them~~ on application. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to half a month's rent for that shop in addition to the deposit required under clause i. Should he fail to do this, the deposit made by him under clause i shall be forfeited, the shop shall at once be put up again for sale on the above conditions, and he shall be debarred from bidding again for the same or any other shop.

iv. Persons to whom shops have been knocked down, and who have made deposits as provided in clause iii shall also, within seven days from the date of auction, deposit such further sum as with the former deposits will make up an amount equal to two months' rent of each shop knocked down to them, and shall take out licenses on the conditions hereinafter set forth.

v. If on enquiry subsequent to sale, but before final confirmation thereof, the purchaser shall be found to be of doubtful solvency, he may be required to deposit twice the amount prescribed under clause iv, or to provide two sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. All expenses attendant upon this proceeding shall be borne by the purchaser.

vi. On the failure of any person to make deposit under clause iv, or to take out licenses as aforesaid, or to comply, if required to do so, with a requisition under clause v, the deposits made under clauses i and iii shall be forfeited, and the shop or shops re-sold or otherwise disposed of at the discretion of the Collector.

vii. Re-sale effected under clause vi shall be at the risk of the defaulting bidder, who shall forfeit any gain that may ensue owing to a rise in price, and, in the event of loss by resale, shall make good the deficiency that may be occasioned through his default. In the latter case the forfeited deposits shall be deducted from the loss arising from the re-sale and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits shall be credited to Government. The defaulting bidder shall be similarly liable if the privilege be disposed of otherwise than by re-sale and such disposal results in loss to Government.

viii. A purchaser at an auction sale or re-sale shall not be permitted to sell transfer or sub-let the right he has acquired or any interest therein without the consent of the Collector, which for any adequate reason may be withheld. Nor shall he appoint any person to act as his agent in the management of the shop without the Collector's previous approval.

ix. In case of any breach of the conditions of the license, either by the purchaser or by any person in his employment, it shall be competent for the Collector to declare the money deposited with him forfeited and to cancel and re-sell the license at the purchaser's risk, and all loss caused thereby shall be made good by him. ~~When a license is cancelled, the rent for the whole period shall become due at once and it shall be recovered as if it were an arrear of land revenue.~~

x. The forfeiture of deposit, or the cancellation of the license under the last preceding clause shall not be held to prevent the prosecution of the purchaser or any of his servants for any offence which may be committed against the Excise Laws or Rules in force.

xi. If it comes to the knowledge of the Collector that the purchaser fails to open his shop, or to carry on his business with due care and attention, or that he has been convicted of an offence under the Indian Penal Code, or under the Excise Laws or Rules, it shall be lawful to the Collector to cancel his license, and to re-sell or otherwise dispose of the privilege at the purchaser's risk.

xii. The purchaser shall pay the amount for which the privilege above described has been purchased, into the Resident's Treasury in equal monthly instalments on or before the 20th of each month commencing from the 1st of the month in which the license comes into force. If the deposit made by him under clause iv be in cash, it will be taken in payment of the instalments due on the last two months of the period of the lease. Failing payment by the 20th of the month, the Collector may at once proceed to recover the arrears ~~together with the interest at 6 *per cent*, under the rules in force for the collection of land revenue.~~ If the instalment has not been paid by the 5th of the following month the Collector may suspend or cancel the license and issue notice of re-sale, and may re-sell the license on the day fixed with effect from the date of its issue to the new purchaser. In that case the deposit shall be forfeited, and if it should fall short of the arrears due and the loss, if any, caused by the suspension or re-sale, the purchaser shall be responsible for the difference which may be recovered ~~under the rules in force for the collection of land revenue~~. If the Collector does not re-sell the shop he may make such other arrangements as may appear advisable for the remainder of the lease, in which case he will serve a notice upon the defaulting purchaser of the nature of the arrangement made. No remission or abatement of the rent shall, on any account whatever, be claimable by the purchaser.

xiii. The purchaser shall pay the license fee prescribed by rule 2 above to the credit of the Assigned Tract into the Resident's Treasury or to any officer duly authorised by the Resident to receive such payments, in two half-yearly instalments payable on or before the 1st day of June and the 1st day of December.

xiv. The purchaser of the shop shall be liable to the penalties prescribed for breaches of the conditions set forth in the prescribed form of license, though a formal license may not have been issued to him.

4. All licenses granted under these rules shall be subject to the following conditions :—

i. The licensee shall not have any pecuniary dealings of any kind whatever with any excise or revenue official.

ii. Sale of $\frac{\text{liquor}}{\text{intoxicating drugs}}$ shall be made only in the building specified in the license granted and not elsewhere on any pretext whatever.

Such account shall be produced for the inspection of the Collector, or any Excise officer not below the rank of Sub-Inspector or any Police officer not below the rank of Inspector. An inspection note-book with the pages numbered consecutively shall also be maintained intact at each shop at the cost of the licensee so that officers who may inspect the shop may enter their remarks therein. This note-book shall be handed over to the Collector or any officer authorized by him to receive it, whenever it is demanded. The licensee shall furnish such other returns and information as may from time to time be required by the Collector or the Superintendent of Excise.

vi. All liquor / Intoxicating drugs kept for sale shall be of good quality and wholesome.

vii. The license may at any time be withdrawn by the Collector on giving one month's notice. The Collector may also direct that the shop shall be temporarily closed on the grounds of police administration or expediency. No remission or compensation shall be claimed if it is found necessary to enforce this latter clause.

viii. The licensee shall place his license in a conspicuous place on the premises licensed.

ix. The licensee shall fix in a conspicuous part of the front of his shop a sign-board on which his name as well as that of the vendor, the liquor / intoxicating drugs he is licensed to sell, and the number of his license shall be legibly inscribed in *English* and the vernacular language of the locality in which the shop is situated.

Persons suffering from leprosy or other contagious diseases shall not be employed in the shops or in transport of liquor / intoxicating drugs to the shop. He shall not harbour robbers, thieves or riotous persons, neither shall he harbour or conceal soldiers, knowing or having reason to believe such soldiers to be deserters, but shall give information to the nearest Magistrate or Police Officer as to any such persons who may resort to his shop. THE HONOURABLE THE RESIDENT IN MYSORE. 27/1/02

Notification.

D/ Bangalore 28th February 1902

—:o:—

No 1692. In exercise of the powers conferred by section 65 (f) and (g) of the Excise Act, XII of 1896, as applied to the Civil and Military Station of Bangalore, the Resident in Mysore is pleased to make the following rules for the working and management of the Government Excise Depôt established in the said Station for the supply of country spirits classed as arrack to arrack shops and of ganja to ganja shops;—

Part I.

(General rules applicable to the management of the Excise Depôt.)

1. The Excise Depot shall be under the supervision of the Superintendent of Excise, who shall carry out the provisions of these rules either in person or through his subordinates, Provided that nothing herein contained shall be held to prevent the Collector or other officer vested with the powers of the Collector from inspecting the depot, or to prevent the Collector from issuing such orders relating thereto as he may from time to time deem fit subject to the approval and confirmation of the Resident.

2. The Resident may appoint such officer or officers of the Excise Department as he may see fit to the immediate charge of the Excise Depot.

3. The strength of the guard maintained at the depot shall ordinarily be two peons. A duty roster shall be prepared by the Officer in charge of the Depot clearly prescribing the date and hour on which each peon shall be on duty.

4. The depot shall be opened at 7 A. M. and shall be closed at noon except on Sundays and authorized holidays, when it shall be closed ~~except under the special orders of~~ the Superintendent of Excise.

5. All spirits and ganja shall be kept in the store-room provided for the purpose, and the key of the room shall be kept by the officer in charge.

6. Any licensed arrack or ganja vendor who wishes to remove spirits or ganja from the Depot to his shop shall tender the duty and cost price of the same to the shroff at the Depot together with a challan in Form 4A. or 4G. The shroff shall receive the amount and grant a receipt in Form 5A. or 5G. The vendor shall then submit an application in Form 6A. or 6G. to the Officer in charge of the Depot accompanied by the shroff's receipt and a permit book in Form 7A. or 7G. Applications for the issue of several permits may be included in one form so long as the issues are to be made to a licensed vendor who possesses two or more shops. The officer in charge of the depot shall verify the calculations of the amount of duty, etc., contained therein, comparing the figures with the receipt granted by the shroff. Having ascertained that all documents are in regular order, he shall grant a permit in the prescribed Form 7A. or 7G.

7. All forms which licensees of arrack or ganja shops are required to use shall be supplied to them by the Officer in charge of the Depot on payment of the price, which shall be fixed by the Collector at as near the cost price as possible.

8. The officer in charge shall keep a diary in form 13 in which he shall record at the time and in ink the exact hours of his daily arrival at and departure from the Depot, of his opening and closing of the same, of the receipt and removal of spirits and ganja. He shall also keep a full record of the use made of lock tickets. The shroff shall also enter in this diary the date and hour of his arrival at the Depot. Superior officers inspecting the depot should initial the diary after entry of such remarks as they find necessary and should append to their initial the date and hour of their visits.

9. The Officer in charge of the Depot shall maintain an account in Form $\frac{8A}{8G}$, which must be written up at the close of each day's transactions, and must be compared by him with the shroff's collections on account of spirits and ganja for the day as entered in the latter's cash-books, with the totals of which it should tally. If he finds that the totals of the figures in Form $\frac{8A}{8G}$ tally with the shroff's cash account, he shall initial the latter account in token of its being correct. Should he find any discrepancy that cannot be accounted for, he shall at once report the fact to the Superintendent of Excise. A copy of this account shall be submitted daily to the Collector through the Superintendent of Excise.

10. The Officer in charge of the Depot shall keep an abstract account of the total daily receipts and sales of arrack in Form $\frac{10A}{10G}$. He shall write it up daily. At the close of each month the totals shall be filled up and an extract of the account in the same form shall be submitted to the Collector through the Superintendent of Excise on or before the 5th of the following month together with the original permits in Form $\frac{2A}{2G}$ covering the amount of exciseable articles received during the month, the applications in Form $\frac{6A}{6G}$ and the shroff's receipts in Form $\frac{5A}{5G}$ for the amount of duty and cost price collected on all issues during the month. Every entry in Form $\frac{10A}{10G}$ must be checked by the Superintendent of Excise or his Assistant with the other Depot accounts, and must bear the initials of the checking officers in token of its being correct. The extract shall also be checked in the Collector's office with its enclosures in Forms $\frac{2A,\ 5A \text{ and } 6A.}{2G,\ 5G \text{ and } 6G.}$ The Collector shall also obtain from the Officers in charge of the Mysore Government distillery and ganja Warehouse duplicates of the permits in Form $\frac{2A}{2G}$ which shall be checked with the permits received from the Depot. The account submitted by the Treasury Officer of collections received from the Depot during the month shall also be compared in the Collector's office with the particulars of remittances made as entered in Form $\frac{10A}{10G}$.

11. The shroff shall keep separate cash accounts in Forms 11A and 11G on account of arrack and ganja and shall at the close of each day's transactions pay the total collections into the Resident's Treasury; the remittance shall be accompanied by duplicate challans in Form $\frac{9A}{9G}$. There shall be separate challans in Form $\frac{9A}{9G}$ in respect of collections on account of ganja and arrack; and in the case of each of these also there shall be separate challans for the cost price of the exciseable articles and for the duty collected thereon. All challans shall be checked and initialled by the Officer in charge of the Depot. On receipt of the remittance one copy of each challan shall be signed by the Treasury Officer in token of receipt of the remittance, and the duplicate shall be retained by him. Should the treasury be closed on account of some gazetted holiday or otherwise, the collections should be kept in the cash chest at the Depot, one key of which should be kept by the shroff and the other by the Officer in charge of the Depot. The Superintendent of Excise should on such occasions arrange for a guard to watch over the cash chest, and as soon as the treasury reopens the necessary remittance should be made. The Officer in charge of the Depot shall carefully supervise the work of the shroff and bring to the notice of the Superintendent of Excise any neglect of duty on his part.

12. The use of uncovered lights of any description within the Depot is prohibited. Closed lanterns only shall be used.

13. The Depot shall be open only for the entrance and exit of persons who have business within it. All action taken by any such officer under this rule shall forthwith be recorded by him in writing in his official diary for the information of his official superiors.

16. A list of all articles used at, or in connection with the Excise Depot shall be maintained by the officer in charge in Form 15.

17. All vessels and weights used at the Depot in measuring out spirits or ganja shall from time to time be inspected and gauged by the Superintendent of Excise or his Assistant, and whenever this is done the result shall be recorded ~~in the diary Form No. 13,~~ by the inspecting officer in the Diary kept in form

18. The Superintendent and the Assistant Superintendent of Excise shall inspect the depot as frequently as possible without previous notice being given,

20. For supplies of spirits the Superintendent of Excise shall send to the Officer in charge of the Mysore Government Distillery, an indent in Form 1 A appended, showing the number of casks of spirit required.

21. An impression of the seal used by the Officer in charge of the Mysore Government distillery shall be kept at the depot. On receipt of the liquor at the Excise depot the contents of the pass shall be compared by the officer in charge with the details painted on the casks, and the seals, etc., on the casks examined. Discrepancies or other irregularities discovered shall at once be entered on the reverse of the pass, and in the officer's diary and a report shall also be made to the Superintendent of Excise. The date and hour of receipt of consignments shall also be entered on the reverse of Form 2 A, and also on the duplicate of Form I A, to show that the indent has been complied with.

22. Prior to the issue of liquor from any cask, the Officer in charge of the depot shall enter the number of the cask in column 5 of the register to be maintained in form 3 A, and the reputed quantity and strength of its contents in columns 6, 7 & 8. He shall then shew in columns 9, 10 & 11 the total of the above added to the balance from the cask opened next in order preceding. He shall at the same time prove the strength of the contents and enter the result in column 23. A record of issues as they are made from the cask shall be maintained in columns 12—16 of the same register, and when the balance remaining is insufficient to meet in full the next indent for issue, the amount of the balance shall be entered in columns 18—20, the total actual contents of the cask as ascertained shall be entered in columns 22 & 24, and the wastage or excess as

No.1304, dated 19th May 1902, from the Collector of the Civil and Military Station.

vide condition 2 in Resident's Note No. 1066, dated 28th February 1901.

S.31 of File 275/1894

Even in the rules in force prior to those published in Resident's Notification, No.1093, dated 28th February 1902, the definition of 'Foreign liquor' did not include rectified spirits manufactured in the country and excised at the tariff rates. Nevertheless the indents for such liquors were passed by the Collector under the authority of Resident's notification No.5107 dated 23rd December 1895, and licenses for the wholesale vend of these spirits were presumably granted in the form at Flag B. As, however, all the rules previously issued for the grant of excise licenses were expressly cancelled when the revised rules were published, it seems desirable to amend the definition of 'Foreign liquor' given in rule 1, so that the rectified spirits in question may be brought within its scope.

The definition of 'Foreign liquor' was I think adopted verbatim from the Madras rules- was it not? What provision do these rules make for the case now referred by the Collector?

Initld. L.R.
4-6.

The definition of 'Foreign liquor' is practically the same as that adopted in the Madras Rules- Vide Rule 1 of the Foreign liquor Rules at page 78 of the Madras Excise Manual. There appears to be no provision in the rules contained in the Excise Manual for the case referred to by the Collector. Licenses for the sale of pure rectified spirits are granted in Madras only to Chemists and Druggists. May the Collector be asked for information on this point?

Initld. N.S.T.
5-6-02.

Please point out to the Collector that the definition of foreign liquor is based on that in force in the Madras Presidency, vide page 78 of the Excise Manual of that Presidency published in 1899.

It is observed that the rules contained in that manual do not appear to contain any express provision for the wholesale sale of pure rectified spirits.

~~xxxxxxxxxxxxxxxxxxxx~~ Enquire for what purposes the plain rectified spirit is actually required and used. Licenses in form 12 of the forms prescribe for use in the Civil & Military Station permit of the sale of pure rectified spirits by chemists and druggists, and the quantity which such persons are permitted to keep may for special reasons be raised beyond the ordinary amounts, vide clause 2 of the license. Clause 4 further permits of the sale of special quantities to other chemists. Enquire whether licenses in this form do not suffice for all practical purposes

Extract from the Resident's Note in file No. 339 of 1902

When next the terms of these licenses come up for consideration I think the questions here raised should be discussed and adjusted.

(1) Who is the Commanding Officer referred to?

(2) Should the permission be general or is it only to be granted in special cases?

It seems to me that if the G.O.C. is intended this should be specified but I am inclined to think that the authority designated should be the C.O of the European Regiment or Battery to which the N.C.O etc etc belong. I do not think a general permission should be granted by any military Officer. He can know nothing of the character of a particular licensee, and grave objections might from time to time arise to soldiers drawing their supplies from certain liquor shops. The more we can keep them out of the Bazaar the better. Circumstances might possibly occur in which it would be desirable to allow a licensee to sell to soldiers on a special occasion but the necessary preliminaries should, in my opinion be an authorization by the Commanding Officer of

of the Regiment or battery countersigned by the Magistrate. It may be said that this circumlocution would render the permission practically inoperative; possibly it might do so but we need not mind this. I do not think that the changes proposed, if adopted, would involve us in any legal diffculties. But this aspect of the question may require examination. I do not follow the arguments of the District Magistrate in para 2 of his letter. presumably the Proprietors of the Lucky Horse Shoe and Jubilee Bar have the same form of license as Mr. Mason; all that was required was energetic action on the part of the Police. The suggestion that surreptitious and illegal supply should be recognized seems to me tantamount to an admission of weakness. Apparently from the concluding part of the Collector's letter he would refuse Mr. Mason's request, mainly because it would be inexpedient to grant a similar indulgence to other license holders. In para 1 I observe that Mr. Mason is suspected of having broken the terms of his license.

THE HON'BLE THE RESIDENT IN MYSORE.

Notification.

Dated, Bangalore, the *1901.*

In exercise of the powers conferred by section 65 of the Excise Act, XII of 1896, as applied to the Civil and Military Station of Bangalore, the Resident in Mysore is pleased to make the following rules in supersession of all previous rules for the grant of licenses for the sale of spirits, fermented liquors and intoxicating drugs:—

1. In these rules the term "foreign liquor" means and includes all wines, spirits and beer imported from foreign territories, by sea or land, all coloured and flavoured spirits manufactured in the country and cocoanut toddy arrack manufactured in Malabar and excised at the tariff rates of import duty, and country brewed beer or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but does not include methylated spirits, ordinary arrack and plain rectified spirits manufactured in the country and excised at tariff rates.

2. The Collector may issue licenses in the appropriate forms appended to these rules for any of the following purposes. The fees noted in each case shall be payable in respect of licenses so granted.

(1) For the sale of foreign liquor to be consumed on the premises: Rs. 100.

(2) For the sale of country spirits to be consumed on the premises: Rs. 180.

(3) For the sale of country beer to be consumed on the premises: Rs. 180.

(4) For the sale of toddy: Rs. 25.

(5) For the sale of intoxicating drugs: Rs. 10.

(6) For the wholesale sale of foreign liquor: Rs. 50.

(7) For the issue of samples by persons in possession of licenses for the wholesale sale of foreign liquor: Rs. 25.

(8) For the retail sale in quantities not less than one pint of bottled foreign liquor not to be consumed on the premises: Rs. 50.

(9) For the retail or wholesale sale of beer on draught not to be consumed on the premises: Rs. 50.

(10) For the retail sale of foreign liquor in quantities less than one quart not to be consumed on the premises: Rs. 25.

(11) For the sale of foreign liquors by keepers of hotels and boarding houses to residents in such institutions: Rs. 50.

(12) For the sale of pure rectified spirits by chemists and druggists: Rs. 10.

(13) For the sale of spirits or fermented liquor at race-meetings, bazaars or other public entertainments for periods not exceeding 10 days: Rs. 5 per diem.

3. The Collector may sell by auction the right to hold any of the licenses mentioned in rule 2 for any period.

The terms and conditions of the sale and of the grant and issue of licenses shall be as follows:—

i. Each bidder at the auction shall deposit the sum of Rs. 50 before bidding. The shops shall, subject to the provisions of the next succeeding clause, be knocked down to the highest bidder above the upset price, subject to formal

confirmation by the Collector. Such formal confirmation shall, unless revised by the Resident for special reasons, be tantamount to an acceptance of the bid and shall be necessary whether the sale be held by the Collector himself or by any other officer deputed by him. Parties intending to bid must attend either in person or by duly accredited agents.

ii. It shall be within the discretion of the officer conducting the sale to decline to accept any bid or deposit if, for any sufficient reason, he considers such acceptance to be undesirable.

iii. As soon as the auction is completed, the deposits made by the unsuccessful bidders shall be returned to them on application. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to half a month's rent for that shop in addition to the deposit required under clause 1. Should he fail to do this, the deposit made by him under clause 1 shall be forfeited, the shop shall at once be put up again for sale on the above conditions, and he shall be debarred from bidding again for the same or any other shop.

iv. Persons to whom shops have been knocked down, and who have made deposits as provided in clause 3 shall also, within seven days from the date of auction, deposit such further sum as with the former deposits will make up an amount equal to two months' rent of each shop knocked down to them and shall take out licenses on the conditions hereinafter set forth.

v. If on enquiry subsequent to sale, but before final confirmation thereof, the purchaser shall be found to be of doubtful solvency, he may be required to deposit twice the amount prescribed under clause 4 or to provide two sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. All expenses attendant upon this proceeding shall be borne by the purchaser.

vi. On the failure of any person to make deposit under clause 4, or to take out licenses as aforesaid, or to comply, if required to do so, with a requisition under clause 5, the deposits made under clauses 1 and 3 shall be forfeited and the shop or shops re-sold or otherwise disposed of at the discretion of the Collector.

vii. Re-sale effected under clause 6 shall be at the risk of the defaulting bidder, who shall forfeit any gain that may ensue owing to a rise in price and, in the event of loss by resale, shall make good the deficiency that may be occasioned through his default. In the latter case the forfeited deposits shall be deducted from the loss arising from the re-sale and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits shall be credited to Government. The defaulting bidder shall be similarly liable if the privilege be disposed of otherwise than by re-sale and such disposal results in loss to Government.

viii. A purchaser at an auction sale or re-sale shall not be permitted to sell, transfer or sub-let the right he has acquired or any interest therein without the consent of the Collector, which for any adequate reason may be withheld. Nor shall he appoint any person to act as his agent in the management of the shop without the Collector's previous approval.

ix. In case of any breach of the conditions of the license, either by the purchaser or by any person in his employment, it shall be competent for the Collector to declare the money deposited with him forfeited and to cancel and re-sell the license at this purchaser's risk, and all loss caused thereby shall be made good by him. When a license is cancelled, the rent for the whole period shall become due at once and it shall be recovered as if it were an arrear of land revenue.

x. The forfeiture of deposit, or the cancellation of the license under the last preceding clause shall not be held to prevent the prosecution of the purchaser or any of his servants for any offence which may be committed against the Excise Laws or Rules in force.

xi. If it comes to the knowledge of the Collector that the purchaser fails to open his shop or to carry on his business with due care and attention or that he has been convicted of an offence under the Indian Penal Code, or under the Excise Laws or Rules, it shall be lawful to the Collector to cancel his license and to re-sell or otherwise dispose of the privilege at the purchaser's risk.

xii. The purchaser shall pay the amount for which the privilege above described has been purchased, into the Resident's Treasury in equal monthly instalments on or before the 20th of each month commencing from the 1st of the month in which the license comes into force. If the deposit made by him under rule 4 be in cash, it will be taken in payment of the instalments due on the last two months of the period of the lease. Failing payment by the 20th of the month, the Collector may at once proceed to recover the arrears together with the interest at 6 *per cent*, under the rules in force for the collection of land revenue. If the instalment has not been paid by the 5th of the following month the Collector may suspend or cancel the license and issue notice of re-sale, and may re-sell the license on the day fixed with effect from the date of its issue to the new purchaser. In that case the deposit shall be forfeited, and if it should fall short of the arrears due and the loss, if any, caused by the suspension or re-sale, the purchaser shall be responsible for the difference which may be recovered under the rules in force for the collection of land revenue. If the Collector does not re-sell the shop he may make such other arrangements as may appear advisable for the remainder of the lease, in which case he will serve a notice upon the defaulting purchaser of the nature of the arrangement made. No remission or abatement of the rent shall, on any account whatever, be claimable by the purchaser.

xiii. 1. The Excise Depot shall be under the supervision of the Superintendent of Excise, who shall carry out the provisions of these rules either in person or through his subordinates. Provided that nothing herein contained shall be held to prevent the Collector or other officer vested with the powers of the Collector from inspecting the depot, or to prevent the Collector from issuing such orders relating thereto as he may from time to time deem fit subject to the approval and confirmation of the Resident.

2. The Resident may appoint such officer or officers of the Excise Department as he may see fit to the immediate charge of the Excise Depot.

3. The strength of the guard maintained at the depot shall ordinarily be two peons. A duty roster shall be prepared by the Officer in charge of the Depot clearly prescribing the date and hour on which each peon shall be on duty.

5. All spirits and ganja shall be kept in the store-room provided for the purpose, and the key of the room shall be kept by the officer in charge.

6. Any licensed arrack or ganja vendor who wishes to remove spirits or ganja from the Depot to his shop shall tender the duty and cost price of the same to the shroff at the Depot, together with a challan in Form 4A. The shroff shall receive the amount and grant a receipt in Form 5A. The vendor shall then submit an application in Form 6A. or 7G. to the Officer in charge of the Depot accompanied by the shroff's receipt and a permit book in Form 7A. or 8G. Applications for the issue of several permits may be included in one form so long as the issues are to be made to a licensed vendor who possesses two or more shops. The officer in charge of the depot shall verify the calculations of the amount of duty, etc., contained therein, comparing the figures with the receipt granted by the shroff. Having ascertained that all documents are in regular order, he shall grant a permit in the prescribed Form 7A. or 8G.

7. All forms which licensees of arrack or ganja shops are required to use shall be supplied to them by the Officer in charge of the Depot on payment of the price, which shall be fixed by the Collector at as near the cost price as possible.

8. Accounts in Forms 11A. & 11G. shall be maintained by the shroff at the Depot, who shall enter therein all daily receipts and expenditure of money and shall at the close of each day's transactions show the balance of cash in hand.

File No. 275 of 1894

H. T. HARRIS Esq., I. C. S.,
COLLECTOR,
CIVIL AND MILITARY STATION,
BANGALORE.

To C. L. S. Russell Spine Esq.,
~~The~~ FIRST ASSISTANT TO THE HONOURABLE THE RESIDENT
IN MYSORE.

Sir,

I have the Honor to return the draft Excise rules received with your No. 5770 / 22-11-01 : the alterations and additions which seem necessary to me after Consulting the Excise Superintendent have been noted on the Spare copy as Suggested by you.

2. Rule 3. IX has been somewhat expanded to empower the Collector to deal with petty breaches of the license which would not deserve the more stringent penalty; this is very necessary. The inclusion of 'fine' in 3 X follows from the above

3. In 4 V the words 'and Strength' in the 2nd and 3rd lines may be omitted since this entry would not be possible in the case of some liquors (e.g. foreign liquor). Before drugs' in line 3 the word 'intoxicating' should be added.

4. The alterations in paragraph 4 (viii) and (ix) are necessary and scarcely material. Those in paragraph 4 (xii)(b) and (xiii) are slight.

5. Three small errors have been noted in paragraph 5 (iv) and (v), and a slight exemption has been added to paragraph 5 (vi), which is unobjectionable.

6. In form 2 should be included the condition concerning the excess charge of 4 annas a gallon, unless it is contemplated to abolish this

this fee.

Similarly in Form 3, Condition 2 may stand or be omitted according to the intention of Government.

In Form 6 an obvious misprint is noted.

In Form 8, it seems preferable to refer to "Form 10" rather than to a "jug and bottle licence": in paragraph 4, 25 should be 50.

7. Such alterations as are required in the rules for the Excise Dept have been marginally noted in the accompanying Copy: they are too trivial to need explanation.

I have the honor to be,
Sir,
Your most obedient Servant,

H. Jones

Collector

xi. If it comes to the knowledge of the Collector that the purchaser fails to open his shop or to carry on his business with due care and attention or that he has been convicted of an offence under the Indian Penal Code, or under the Excise Laws or Rules, it shall be lawful to the Collector to cancel his license and to re-sell or otherwise dispose of the privilege at the purchaser's risk.

xii. The purchaser shall pay the amount for which the privilege above described has been purchased, into the Resident's Treasury in equal monthly instalments on or before the 20th of each month commencing from the 1st of the month in which the license comes into force. If the deposit made by him under rule 4 be in cash, it will be taken in payment of the instalments due on the last two months of the period of the lease. Failing payment by the 20th of the month, the Collector may at once proceed to recover the arrears together with the interest at 6 *per cent*, under the rules in force for the collection of land revenue. If the instalment has not been paid by the 5th of the following month the Collector may suspend or cancel the license and issue notice of re-sale, and may re-sell the license on the day fixed with effect from the date of its issue to the new purchaser. In that case the deposit shall be forfeited, and if it should fall short of the arrears due and the loss, if any, caused by the suspension or re-sale, the purchaser shall be responsible for the difference which may be recovered under the rules in force for the collection of land revenue. If the Collector does not re-sell the shop he may make such other arrangements as may appear advisable for the remainder of the lease, in which case he will serve a notice upon the defaulting purchaser of the nature of the arrangement made. No remission or abatement of the rent shall, on any account whatever, be claimable by the purchaser.

xiii. The purchaser shall pay the license fee prescribed by rule II above to the credit of the Assigned Tract into the Resident's Treasury or to any officer duly authorised by the Resident to receive such payments, in two half-yearly instalments payable on or before the "1st day of June and the 1st day of December".

xiv. The purchaser of the shop shall be liable to the penalties prescribed for breaches of the conditions set forth in the prescribed form of license, though a formal license may not have been issued to him.

4. All licenses granted under these rules shall be subject to the following conditions :—

i. The licensee shall not have any pecuniary dealings of any kind whatever with any excise or revenue official.

ii. Sale of $\frac{\text{liquor}}{\text{intoxicating drugs}}$ shall be made only in the building specified in the license granted and not elsewhere on any pretext whatever.

iii. Such account shall be produced for the inspection of the Collector, or any Excise officer not below the rank of Sub-Inspector or any Police officer not below the rank of Inspector. An inspection note-book with the pages numbered consecutively shall also be maintained intact at each shop at the cost of the licensee so that officers who may inspect the shop may enter their remarks therein. This note-book shall be handed over to the Collector or any officer authorized by him to receive it, whenever it is demanded. The licensee shall furnish such other returns and information as may from time to time be required by the Collector or the Superintendent of Excise.

vi. All liquor / Intoxicating drugs kept for sale shall be of good quality and wholesome.

vii. The license may at any time be withdrawn by the Collector on giving one month's notice. The Collector may also direct that the shop shall be temporarily closed on the grounds of police administration or expediency. No remission or compensation shall be claimed if it is found necessary to enforce this latter clause.

viii. The licensee shall place his license in a conspicuous place on the premises licensed.

ix. The licensee shall fix in a conspicuous part of the front of his shop a sign-board on which ~~the vendor's name,~~ the liquor / intoxicating drugs he is licensed to sell, and the number of his license shall be legibly inscribed in *English* or the vernacular language of the locality in which the shop is situated.

x. The licensee shall prevent all drunkenness or disorder or gaming within his shop. Persons suffering from leprosy or other contagious diseases shall not be employed in the shops or in transport of liquor to the shop. He shall not harbour robbers, thieves or riotous persons, neither shall he harbour or conceal soldiers, knowing or having reason to believe such soldiers to be deserters, but shall give information to the nearest Magistrate or Police Officer as to any such persons who may resort to his shop. THE HON'BLE THE RESIDENT IN MYSORE.

—:o:—

Notification.

—:o:—

No. 1356, Dated Bangalore, the 11th March 1902.

In exercise of the powers conferred by section 65 (f) and (g) of the Excise Act, XII of 1896, as applied to the Civil and Military Station of Bangalore, the Resident in Mysore is pleased to make the following rules for the working and management of the Government Excise Depôt established in the said Station for the supply of country spirits classed as arrack to arrack shops, and of ganja to ganja shops;—

Part I.

(General rules applicable to the management of the Excise Depôt.)

1. The Excise Depot shall be under the supervision of the Superintendent of Excise, who shall carry out the provisions of these rules either in person or through his subordinates: provided that nothing herein contained shall be held to prevent the Collector or other officer vested with the powers of the Collector from inspecting the depot, or to prevent the Collector from issuing such orders relating thereto as he may, from time to time, deem fit, subject to the approval and confirmation of the Resident.

2. The Resident may appoint such officer or officers of the Excise Department as he may see fit to the immediate charge of the Excise Depot.

3. The strength of the guard maintained at the depot shall ordinarily be two peons. A duty roster shall be prepared by the Officer in charge of the Depôt clearly prescribing the date and hour on which each peon shall be on duty.

4. The depot shall be opened at 7 A.M. and shall be closed at noon, except on Sundays and other authorized holidays, when it shall be closed unless otherwise directed by the Superintendent of Excise.

5. All spirits and ganja shall be kept in the store-room provided for the purpose, and the key of the room shall be kept by the officer in charge.

6. Any licensed arrack or ganja vendor who wishes to remove spirits or ganja from the Depot to his shop shall tender the duty and cost price of the same to the shroff at the Depot, together with a challan in Form 4A. or 4G. The shroff shall receive the amount and grant a receipt in Form 5A. or 5G. The vendor shall then submit an application in Form 6A. or 6G. to the Officer in charge of the Depot accompanied by the shroff's receipt and a permit book in Form 7A. or 7G. Applications for the issue of several permits may be included in one form so long as the issues are to be made to a licensed vendor who possesses two or more shops. The officer in charge of the depot shall verify the calculations of the amount of duty, etc., contained therein, comparing the figures with the receipt granted by the shroff. Having ascertained that all documents are in regular order, he shall grant a permit in the prescribed Form 7A. or 7G.

7. All forms which licensees of arrack or ganja shops are required to use shall be supplied to them by the Officer in charge of the Depot on payment of the price, which shall be fixed by the Collector at as near the cost price as possible.

8. The officer in charge shall keep a diary in form 13, in which he shall record, at the time and in ink, the exact hours of his daily arrival at, and departure from, the Depot, of his opening and closing of the same, of the receipt and removal of spirits and ganja. He shall also keep a full record of the use made of lock tickets. The shroff shall also enter in this diary the date and hour of his arrival at the Depot. Superior officers inspecting the depot should initial the diary after entry of such remarks as they find necessary, and should append to their initial the date and hour of their visits.

9. The Officer in charge of the Depot shall maintain an account in Form $\frac{8A}{8G}$, which must be written up at the close of each day's transactions, and must be compared by him with the shroff's collections on account of spirits and ganja for the day as entered in the latter's cash-books, with the totals of which it should tally. If he finds that the totals of the figures in Form $\frac{8A}{8G}$ tally with the shroff's cash account, he shall initial the latter account in token of its being correct. Should he find any discrepancy that cannot be accounted for, he shall at once report the fact to the Superintendent of Excise. A copy of this account shall be submitted daily to the Collector through the Superintendent of Excise.

10. The Officer in charge of the Depot shall keep an abstract account of the total daily receipts and sales of arrack in Form $\frac{10A}{10G}$. He shall write it up daily. At the close of each month the totals shall be filled up, and an extract of the account in the same form shall be submitted to the Collector, through the Superintendent of Excise, on or before the 5th of the following month, together with the original permits in Form $\frac{2A}{2G}$ covering the amount of exciseable articles received during the month, the applications in Form $\frac{6A}{6G}$ and the shroff's receipts in Form $\frac{5A}{5G}$ for the amount of duty and cost price collected on all issues during the month. Every entry in Form $\frac{10A}{10G}$ must be checked by the Superintendent of Excise or his Assistant with the other Depot accounts, and must bear the initials of the checking officers in token of its being correct. The extract shall also be checked in the Collector's office with its enclosures in Forms $\frac{2A,\ 5A \text{ and } 6A.}{2G,\ 5G \text{ and } 6G.}$ The Collector shall also obtain from the Officers in charge of the Mysore Government distillery and ganja Warehouse duplicates of the permits in Form $\frac{2A}{2G}$ which shall be checked with the permits received from the Depot. The account submitted by the Treasury Officer of collections received from the Depot during the month shall also be compared in the Collector's office with the particulars of remittances made as entered in Form $\frac{10A}{10G}$.

11. The shroff shall keep separate cash accounts in Forms 11A and 11G on account of arrack and ganja, and shall at the close of each day's transactions pay the total collections into the Resident's Treasury; the remittance shall be accompanied by duplicate challans in Form $\frac{9A}{9G}$. There shall be separate challans in Form $\frac{9A}{9G}$ in respect of collections on account of ganja and arrack; and in the case of each of these also there shall be separate challans for the cost price of the exciseable articles and for the duty collected thereon. All challans shall be checked and initialled by the Officer in charge of the Depot. On receipt of the remittance one copy of each challan shall be signed by the Treasury Officer in token of receipt of the remittance, and the duplicate shall be retained by him. Should the treasury be closed on account of some gazetted holiday or otherwise, the collections should be kept in the cash chest at the Depot, one key of which should be kept by the shroff and the other by the Officer in charge of the Depot. The Superintendent of Excise shall on such occasions arrange for a guard to watch over the cash chest, and as soon as the treasury reopens the necessary remittance shall be made. The Officer in charge of the Depot shall carefully supervise the work of the shroff and bring to the notice of the Superintendent of Excise any neglect of duty on his part.

12. The use of uncovered lights of any description within the Depot is prohibited. Closed lanterns only shall be used.

13. The Depot shall be open only for the entrance and exit of persons who have business within it. Except with the permission of the Superintendent of Excise or other superior officer, no one, except officers of the Excise Department and the superior officers of other Government Departments, licensed vendors and their servants who have come to purchase spirits, shall be allowed to enter the premises on any pretext.

14. All persons entering the Depot shall be subject to the control of the officer in charge in respect of their conduct and proceedings within the Depot, and shall be liable to search on their quitting the premises at the discretion of the officer in charge.

15. The officer in charge of the Depot may eject from the premises any person whom he shall find to have committed, or to be about to commit, any breach of these rules, or of the provisions of the Excise Act, 1896, or who shall be intoxicated, riotous or disorderly. All action taken by any such officer under this rule shall forthwith be recorded by him in writing in his official diary for the information of his official superiors.

16. A list of all articles used at, or in connection with, the Excise Depot shall be maintained by the officer in charge in Form 15.

17. All vessels and weights used at the Depot in measuring out spirits or ganja shall, from time to time, be inspected and gauged by the Superintendent of Excise or his Assistant, and, whenever this is done, the result shall be recorded by the inspecting officer in the diary kept in form 13.

18. The Superintendent and the Assistant Superintendent of Excise shall inspect the depot as frequently as possible without previous notice being given.

Special Rules.

Part II, Arrack.

19. In these rules the word "to gauge" means to determine the quantity of spirits contained in any receptacle, or to determine the capacity of a cask or other receptacle, and "to prove" means to test the strength of spirits by an hydrometer.

20. For supplies of spirits the Superintendent of Excise shall send to the Officer in charge of the Mysore Government Distillery an indent in Form 1 A appended, showing the number of casks of spirit required.

21. No spirits shall be received into the depot unless accompanied by a permit in form 2 A. from the Officer in charge of the Mysore Government distillery, and stored in a cask registered in form 14 and sealed with that officer's seal. An impression of the seal used by the Officer in charge of the Mysore Government distillery shall be kept at the depot. On receipt of the liquor at the Excise depot the contents of the pass shall be compared by the officer in charge with the details painted on the casks, and the seals, etc., on the casks examined. Discrepancies or other irregularities discovered shall at once be entered on the reverse of the pass, and in the officer's diary and a report shall also be made to the Superintendent of Excise. The date and hour of receipt of consignments shall also be entered on the reverse of Form 2 A, and also on the duplicate of Form I A, to show that the indent has been complied with.

22. Prior to the issue of liquor from any cask, the Officer in charge of the depot shall enter the number of the cask in column 5 of the register to be maintained in form 3 A, and the reputed quantity and strength of its contents in columns 6, 7 & 8. He shall then shew in columns 9, 10 & 11 the total of the above added to the balance from the cask opened next in order preceding. He shall at the same time prove the strength of the contents and enter the result in column 23. A record of issues as they are made from the cask shall be maintained in columns 12—16 of the same register, and, when the balance remaining is insufficient to meet in full the next indent for issue, the amount of the balance shall be entered in columns 18—20. The total actual contents of the cask as ascertained shall be entered in columns 22 & 24, and the wastage or excess as

compared with the reputed contents shall be entered in column 25. In the event of the wastage exceeding one per cent of the reputed contents, an immediate report shall be made through the Superintendent of Excise to the Collector, who, if satisfied that the wastage is due to accident or unavoidable causes, may order the amount to be written off the depot account; otherwise he shall refer the matter for the orders of the Resident.

23. Payment of the cost price of country spirits shall be made in the following manner:—

(1). A bill for the cost price of the liquor supplied to the depot shall be submitted by the manufacturers once a fortnight to the Superintendent of Excise.

(2). On receipt of the bill the Superintendent of Excise or his Assistant shall check it with Forms Nos. 1 A, 2 A and 10 A in the depot, and, having ascertained that the amount of the bill is correct, shall certify to the following effect on the bill. "Certified that I have personally checked this bill with the depot accounts and found that the amount of the same (rupees in writing) is correct"

(3). Should the bill submitted be found to be incorrect, it shall at once be returned to the manufacturers for amendment.

(4). The Collector shall, on receipt of the bill from the Superintendent of Excise, have it checked with the duplicate permits in Form 2A in his office, and then pass it for payment by the Treasury Officer of the Resident's Treasury.

24. Spirits may only be issued from the depot for local consumption to licensed arrack shop-keepers on payment of the cost price of the spirits as fixed from time to time, in addition to Government duty of Rs. 4—12—0 per gallon of 20° under proof and Rs. 4—2—6 per gallon of 30° under proof.

25. No smaller quantity than one imperial gallon shall be issued at any one time, and no spirit shall be issued except of the strengths mentioned in the preceding rule.

26. The measures to be used at the Depot shall be gallons and drams. The gallon shall be the standard imperial gallon, and the dram shall be $\frac{1}{51}$ part thereof.

27. As each cask is first brought into use its exact contents shall be ascertained by actual measurement, with water or spirits. At the same time, as such measurements may be useful for reference, though not absolutely accurate, the capacity by the gauging rod, the diameters and the length shall as far as possible be taken and recorded in a register in Form 14, all entries in which shall be dated and initialled by the officer making them.

28. On each end of all casks used at the Excise Depot for conveyance of spirit from the distillery or for storage or issue of spirits, the contents in gallons, the consecutive number of the cask according to the register and the letters "C & M S Dpo" shall be legibly cut, or branded or marked in oil paint. The contents of the casks shall be ascertained and marked to the nearest dram. If a cask is taken to pieces for repair or for purposes of easy transport, it need not be regauged, unless, on checking the bung capacity, the diameters and the length, which shall always be done, a difference exceeding one per cent be found, in which case it shall be regauged.

Part III Ganja.

29. For supplies of ganja the Superintendent of Excise shall send to the Officer in charge of the Mysore Government's ganja warehouse an indent in Form 1G, showing the amount of ganja required.

30. No ganja shall be received into the depot unless accompanied by a permit in Form 2G. from the Officer in charge of the Mysore ganja warehouse and packed in a case sealed by that Officer and bearing the name of the ware-

house, the nature of the contents, the gross weight of the case and its contents, and the net weight of the ganja contained in the same. An impression of the seal used by the Officer in charge of the warehouse shall be kept at the Excise depot. On receipt of the ganja at the Excise depot the contents of the pass shall be compared by the officer in charge with the details painted on the cases, and the seals, etc., on the cases examined. Discrepancies or other irregularities discovered shall at once be entered on the reverse of the pass, and in the officer's diary and a report shall also then be made to the Superintendent of Excise. The date and hour of receipt of consignments shall be entered on the reverse of Form 2 G. and also on the duplicate of Form 1 G, to show that the indent has been complied with.

painted ?

31. Prior to the issue of ganja from any box, the Officer in charge of the depot shall enter the number of the box in column 4 of the register to be maintained in form 3 G, and the reputed weight of its contents in columns 6 & 7. He shall then shew in columns 8 & 9 the total of the above added to the balance from the box opened next in order preceding. A record of issues as they are made from the box shall be maintained in columns 10—14 of the same register, and, when the balance remaining is insufficient to meet in full the next indent for issue, the amount of the balance shall be entered in columns 15 & 16. The total weight of ganja fit for issue as ascertained shall be entered in columns 17 & 18, and the wastage as compared with the reputed contents shall be entered in columns 19 & 20. In the event of the wastage exceeding one per cent of the reputed contents, an immediate report shall be made through the Superintendent of Excise to the Collector, who, if satisfied that the wastage is due to accident or unavoidable cause, may order the amount to be written off the depot account; otherwise he shall refer the matter for the orders of the Resident. Refuse and dust shall be burnt by the Superintendent of Excise or, under his special orders, by his Assistant. The date and hour of destruction and the amount destroyed shall be entered in the remarks column of the account under the initials of the officer supervising the same.

32. Ganja shall only be issued from the depot for local consumption to licensed ganja shop-keepers on payment of the cost price as fixed from time to time, in addition to the Government duty of Rs. 3 per one seer of 80 tolas.

33. The standard weights to be used at the depot shall be seers and tolas, 80 tolas being equal to one seer.

34. As soon as each consignment of ganja has been outturned, the cost price of the same shall be remitted by the Officer in Charge of the Depot, in Form 12G, to the MysoreDurbar's District Treasury, Bangalore. The amount to be paid for shall be the weight of the ganja as entered in the permit Form 2 G, as issued from the Mysore warehouse. On receipt of the remittance one copy of the form shall be signed by the Treasury Officer and returned to the Officer in Charge of the Depot; the duplicate shall be retained by him and the triplicate shall be forwarded by him to the Mysore Excise Commissioner's Office.

" By Order."

THE HON'BLE THE RESIDENT IN MYSORE.

Notification.

No. 1093, Dated Bangalore, the 28th February 1902.

In exercise of the powers conferred by section 65 of the Excise Act, XII of 1896, as applied to the Civil and Military Station of Bangalore, the Resident in Mysore is pleased to make the following rules in supersession of all previous rules for the grant of licenses for the sale of spirits, fermented liquors and intoxicating drugs:—

1. In these rules the term "foreign liquor" means and includes all wines, spirits and beer imported from foreign territories by sea or land, all coloured and flavoured spirits manufactured in the country and cocoanut toddy arrack manufactured in Malabar and excised at the tariff rates of import duty, and country brewed beer, or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but does not include methylated spirits, ordinary arrack, and plain rectified spirits manufactured in the country and excised at tariff rates.

2. The Collector may issue licenses in the appropriate forms appended to these rules for any of the following purposes. The fees noted in each case shall be payable in respect of licenses so granted.

(1) For the sale of foreign liquor to be consumed on the premises, Rs. 100.

(2) For the sale of country spirits to be consumed on the premises: Rs. 180.

(3) For the sale of country beer to be consumed on the premises: Rs. 180.

(4) For the sale of toddy: Rs. 25.

(5) For the sale of intoxicating drugs: Rs. 10.

(6) For the wholesale sale of foreign liquor: Rs. 50.

(7) For the issue of samples by persons in possession of licenses for the wholesale sale of foreign liquor: Rs. 25.

(8) For the retail sale in quantities not less than one pint of bottled foreign liquor not to be consumed on the premises: Rs. 50.

(9) For the retail or wholesale sale of beer on draught not to be consumed on the premises: Rs. 50.

(10) For the retail sale of foreign liquor in quantities less than one quart not to be consumed on the premises: Rs. 25.

(11) For the sale of foreign liquors by keepers of hotels and boarding houses to residents in such institutions: Rs. 50.

(12) For the sale of pure rectified spirits by chemists and druggists, Rs. 10.

(13) For the sale of spirits or fermented liquor at race-meetings, bazaars or other public entertainments for periods not exceeding 10 days: Rs. 5 per diem.

3. The Collector may sell by auction the right to hold any of the licenses mentioned in rule 2 for any period.

The terms and conditions of the sale and of the grant and issue of licenses shall be as follows:—

i. Each bidder at the auction shall deposit the sum of Rs. 50 before bidding. The shops shall, subject to the provisions of the next succeeding clause, be knocked down to the highest bidder above the upset price, subject to formal

confirmation by the Collector. Such formal confirmation shall, unless revised by the Resident for special reasons, be tantamount to an acceptance of the bid and shall be necessary whether the sale be held by the Collector himself or by any other officer deputed by him. Parties intending to bid must attend either in person or by duly accredited agents.

ii. It shall be within the discretion of the officer conducting the sale to decline to accept any bid or deposit if, for any sufficient reason, he considers such acceptance to be undesirable.

iii. As soon as the auction is completed, the deposit made by each unsuccessful bidder shall be returned to him on application. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to half a month's rent for that shop in addition to the deposit required under clause i. Should he fail to do this, the deposit made by him under clause i shall be forfeited, the shop shall at once be put up again for sale on the above conditions, and he shall be debarred from bidding again for the same or any other shop.

iv. Those persons to whom shops have been knocked down, and who have made deposits as provided in clause iii shall also, within seven days from the date of auction, deposit such further sum as with the former deposits will make up an amount equal to two months' rent of each shop knocked down to them, and shall take out licenses on the conditions hereinafter set forth.

v. If on enquiry subsequent to sale, but before final confirmation thereof, the purchaser shall be found to be of doubtful solvency, he may be required to deposit twice the amount prescribed under clause iv, or to provide two sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. All expenses attendant upon this proceeding shall be borne by the purchaser.

vi. On the failure of any person to make deposit under clause iv, or to take out a license as aforesaid, or to comply, if required to do so, with a requisition under clause v, the deposits made under clauses i and iii shall be forfeited, and the shop or shops re-sold or otherwise disposed of at the discretion of the Collector.

vii. Re-sale effected under clause vi shall be at the risk of the defaulting bidder, who shall forfeit any gain that may ensue owing to a rise in price, and, in the event of loss by resale, shall make good the deficiency that may be occasioned through his default. In the latter case the forfeited deposits shall be deducted from the loss arising from the re-sale and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits shall be credited to Government. The defaulting bidder shall be similarly liable if the privilege be disposed of otherwise than by re-sale and such disposal results in loss to Government.

viii. A purchaser at an auction sale or re-sale shall not be permitted to sell transfer or sub-let the right he has acquired or any interest therein without the consent of the Collector, which for any adequate reason may be withheld. Nor shall he appoint any person to act as his agent in the management of the shop without the Collector's previous approval.

ix. In case of any breach of the conditions of the license, either by the purchaser or by any person in his employment, it shall be competent for the Collector to declare the money deposited with him forfeited and to cancel and re-sell the license at the purchaser's risk, and all loss caused thereby shall be made good by him.

x. The forfeiture of deposit, or the cancellation of the license under the last preceding clause shall not be held to prevent the prosecution of the purchaser or any of his servants for any offence which may be committed against the Excise Laws or Rules in force.

xi. If it comes to the knowledge of the Collector that the purchaser fails to open his shop, or to carry on his business with due care and attention,

or that he has been convicted of an offence under the Indian Penal Code, or under the Excise Laws or Rules, it shall be lawful to the Collector to cancel his license, and to re-sell or otherwise dispose of the privilege at the purchaser's risk.

xii. The purchaser shall pay the amount for which the privilege above described has been purchased, into the Resident's Treasury in equal monthly instalments on or before the 20th of each month commencing from the 1st of the month in which the license comes into force. If the deposit made by him under clause iv be in cash, it will be taken in payment of the instalments due on the last two months of the period of the lease. Failing payment by the 20th of the month, the Collector may at once proceed to recover the arrears in the manner prescribed by law. If the instalment has not been paid by the 5th of the following month the Collector may suspend or cancel the license and issue notice of re-sale, and may re-sell the license on the day fixed with effect from the date of its issue to the new purchaser. In that case the deposit shall be forfeited, and if it should fall short of the arrears due and the loss, if any, caused by the suspension or re-sale, the purchaser shall be responsible for the difference which may be recovered by the Collector in the manner prescribed by law. If the Collector does not re-sell the shop he may make such other arrangements as may appear advisable for the remainder of the lease, in which case he will serve a notice upon the defaulting purchaser detailing the nature of the arrangement made. No remission or abatement of the rent shall, on any account whatever, be claimable by the purchaser.

xiii. The purchaser shall pay the license fee prescribed by rule 2 above to the credit of the Assigned Tract into the Resident's Treasury or to any officer duly authorised by the Resident to receive such payments, in two half-yearly instalments payable on or before the 1st day of June and the 1st day of December.

xiv. The purchaser of the shop shall be liable to the penalties prescribed for breaches of the conditions set forth in the prescribed form of license, though a formal license may not have been issued to him.

4. All licenses granted under these rules shall be subject to the following conditions :—

i. The licensee shall not have any pecuniary dealings of any kind whatever with any excise or revenue official.

ii. Sale of $\frac{\text{liquor}}{\text{intoxicating drugs}}$ shall be made only in the building specified in the license granted and not elsewhere on any pretext whatever.

iii. The licensee shall be bound by any additional rules which may be prescribed under the Excise Law now in force, or which may hereafter be enacted, and shall, on requisition by the Collector, or by any officer duly authorized by the Collector, deliver up this license for amendment or for the issue of a fresh license accordingly.

iv. No liquor or intoxicating drugs other than that to which the license relates shall be kept or sold in the building covered by the license.

v. The licensee shall keep a true account in ink in such form as may be prescribed by the Resident, showing the quantity (and, in the case of arrack, the strength) of the liquor or intoxicating drugs received in his shop, the quantity (and, in the case of arrack, the strength) of the liquor or intoxicating drugs sold, the prices at which they are sold, and the quantity remaining unsold each day. Such account shall be produced for the inspection of the Collector, or any Excise officer not below the rank of Sub-Inspector or any Police officer not below the rank of Inspector. An inspection note-book with the pages numbered consecutively shall also be maintained intact at each shop at the cost of the licensee so that officers who may inspect the shop may enter their remarks therein. This note-book shall be handed over to the Collector or any officer authorized by him to receive it, whenever it is demanded. The licensee shall furnish such other returns and information as may from time to time be required by the Collector or the Superintendent of Excise.

vi. All $\frac{\text{liquor}}{\text{Intoxicating drugs}}$ kept for sale shall be of good quality and wholesome.

vii. The license may at any time be withdrawn by the Collector on giving one month's notice. The Collector may also direct that the shop shall be temporarily closed on the grounds of police administration or expediency. No remission or compensation shall be claimed if it is found necessary to enforce this latter clause.

viii. The licensee shall place his license in a conspicuous place on the premises licensed.

ix. The licensee shall fix in a conspicuous part of the front of his shop a sign-board on which his name as well as that of the vendor, the $\frac{\text{liquor}}{\text{intoxicating drugs}}$ he is licensed to sell, and the number of his license shall be legibly inscribed in *English* and the vernacular language of the locality in which the shop is situated.

x. The licensee shall prevent all drunkenness or disorder or gaming within his shop. Persons suffering from leprosy or other contagious diseases shall not be employed in the shops or in transport of $\frac{\text{liquor}}{\text{intoxicating drugs}}$ to the shop. He shall not harbour robbers, thieves or riotous persons, neither shall he harbour or conceal soldiers, knowing or having reason to believe such soldiers to be deserters, but shall give information to the nearest Magistrate or Police Officer as to any such persons who may resort to his shop. Neither shall he permit prostitutes or persons of notoriously bad character to meet or remain in the shop.

xi. The licensee shall not open his shop before sunrise, nor keep it open after 9 P. M., except on special permit to be obtained from the Collector or the Superintendent of Excise.

xii. The licensee shall neither sell nor give $\frac{\text{liquor}}{\text{intoxicating drugs}}$

xiii. Should the licensee hold more than one kind of license for the sale of $\frac{\text{liquor}}{\text{intoxicating drugs}}$ on the same premises, he shall keep his account of transactions under each license separately.

I have the honor to bring to the notice of the Hon'ble the Resident that the excise rules published under the Resident's Notification No 1093 dated 28th February 1902, do not provide for the wholesale sale of rectified Spirits and to request to know if this was intentional.

Sc 31

2. The Agent of Messrs Parry and Co. who had a wholesale license for the Sale of foreign liquors in the Station during the year 1901-1902, submitted indents for certain special liquors or double distilled Spirits

Spirits as they are usually called, including rectified spirits, and they were passed by this office under the authority of Residents' Notification No 5707 dated 23rd December 1895: Messrs Parry and Co have for this year transferred their wholesale license to Mr S. P. Mason, who now indents for these special liquors. But under the terms of the license (Form 6), he can only sell foreign liquors, which however, according to the definition given in rule 1, do not include rectified spirits manufactured in the Country and excised at tariff rates.

se 27 ff 12, 88.

3. Form No 12 prescribed by the rules seems from its heading to be intended to be held only by Chemists and druggists, and

and the sale under this license is limited to the quantities prescribed by condition 4 thereof. I may mention here that only one Chemist has at present taken out a license to sell rectified Spirits, but a license for the wholesale sale of these Spirits appears to be necessary. Pending the order of the Board the Resident, I have, in consultation with Mr Rolland, permitted Mr Mason's indents to be passed as usual.

To

The Collector, Civil and Military Station, Bangalore.

Sir,

I am directed to acknowledge the receipt of your letter, No.1304, dated 19th May 1902, regarding the absence in the Excise rules of the Civil and Military Station of any provision for the wholesale sale of rectified spirits

2. The definition of foreign liquor given in rule 1 is based on that in force in the Madras Presidency- vide page 78 of the Excise Manual of that Presidency published in 1899. It is observed that the rules contained in that Manual does not appear to contain any express opinion for the wholesale sale of pure rectified spirits. I am to enquire for what purposes the plain

rectified

rectified spirit is actually required and used.

3. Licenses in form 12 of the forms prescribed for use in the Civil and Military Station permit of the sale of pure rectified spirits by chemists and druggists, and the quantity which such persons are permitted to keep may for special reasons be raised beyond the ordinary amounts- vide clause 2 of the license. Clause 4 further permits of the sale of special quamtities to other chemists. I am to enquire whether licenses in this form do not suffice for all practical purposes.

With reference to your letter, No. 3177 dated the 10th June 1902, enquiring whether licenses in form No. 12 which permit of the sale of pure rectified spirits by Chemists & Druggists, do not suffice to meet the want brought to notice in my letter of 19th May last, No. 1304, I have the honor to state that Messrs.
